JOB STEP	POTENTIAL HAZARDS	IR	CONTROL MEASURES	RR
SPECIFIC WORK STEPS	HAZARDS THAT MAY ARISE	INITIAL RISK	SPECIFIC MEASURES TO BE PUT IN PLACE TO ELIMINATE OR CONTROL THE RISKS	RESIDUAL RISK
1. Preparation	inadequate safety gear, incorrect tool selection	ЗН	 Conduct a pre-start safety meeting to discuss potential hazards and control measures. Ensure all personnel are equipped with apprentate personal protective equipment (PPE), including safety glasses and gloves. Verify that the selected cut-off wheel is apprentiate frome job and the material being cut. Inspect the cut-off wheel for any visible damage of wear before installation. Ensure that all workers are kneed in the proper who of the cols and equipment being used. Check the workspectrum any contructions or hazard may impede movement. Confirm that the safety guides and the regence to ps on the machinery are functional. Ensure adequate lighting available of any non-essential personnel. Family riscoll teak members with the location of first aid kits and emergency exits. 	1L
2. Inspect Equipment	equipment malfuncture, electrical shock	DIT	 Conducta the righ inspection of all equipment prior to use. Cn. If a relectrical connections for wear or damage. Use equipment according to the manufacturer's instructions and guidelines. Listure that all electrical equipment is tested and tagged by a qualified electrician. Use only RCD-protected power outlets to reduce the risk of electrical shock. Ensure that all equipment has undergone regular maintenance checks. Implement a lockout/tagout system while inspecting or repairing equipment. Ensure all personnel maintaining equipment are adequately trained. Replace any defective parts immediately with the correct specification replacements. Ensure that proper tools are used for maintenance activities. 	2M
3. Secure Work Area	tripping hazards, unauthorised access	ЗH	 Clearly mark the work area with safety cones, barriers, or signage. Remove any unnecessary tools or equipment from the workspace. Ensure all leads and cables are organised and neatly away from walkways. Display adequate signage indicating PPE requirements for the work area. Establish safe walkways and pathways through the worksite. Ensure good housekeeping practices are strictly adhered to. Restrict access to the work area to authorised personnel only. Position equipment to minimise hazards, such as protruding components. 	1L
